

Alloa RFC helps to announce the Club Sustainability Fund awards for 2016-17

Club Sustainability Fund Fast Track Fund - Season 2017-18

Guidance Notes and Application Form

Leadership · Engagement · Achievement · Enjoyment · Respect

WHAT IS Fast Track?

This replaces the Scottish Rugby Club (Small) Facilities Fund and is for any club with a maintenance or improvement project. Suitable projects include anything that makes your club environment a better place to train, play and socialise.

- Clubs can apply for up to 50% of the costs of their project up to a total of £2,000
- Clubs can only receive a total of one award per season from any or all of the three strands of the Club Sustainability Fund – Fast Track, Revenue or Capital.

Maintenance & Improvement Projects

Examples of the types of projects for which Fast Track funding may be available include:

- Floodlighting (main pitch and training pitches)
- Drainage or irrigation upgrades
- New rugby posts
- Clubhouse improvements, e.g. kitchens, changing rooms, toilets or energy saving projects
- Ceiling, wall or floor repairs or upgrades
- Door and window repairs or upgrades

This list is not exhaustive, however the underlying principle that will be applied by Scottish Rugby in assessing eligibility is that applications must be for projects to improve your club's facilities.

Based on the volume of applications received in season 2016-17 it is anticipated that there may be a high number of applications across the three strands of the Club Sustainability Fund in season 2017-18. If this is the case Scottish Rugby will prioritise awards to the Fast Track applications that can best demonstrate the following:

- The need for the project at this time.
- The positive impact that the project will make.

Scottish Rugby may also have to consider reducing the individual award levels to ensure more clubs receive an award and take into consideration any previous awards the club may have received.

Application Process

- Applicants must contact their Club Services Manager to discuss their project before submitting an application.
- Clubs should submit the attached application form with a full explanation of the project, including demonstrating the need and the positive impact the project will have, the cost, the benefits to the club and the estimated time scales.
- Clubs should submit a set of their latest financial statements, i.e. balance sheet and profit & loss account.
- Each application must be signed by two separate members of the club committee – ideally any two of the President, Secretary or Treasurer.
- The initial round of applications will close on Friday 9 June 2017.
- Further rounds may be available in season 2017/18 at Scottish Rugby's discretion depending on the initial uptake and awards made.
- Eligibility and the granting of any funding awards will be based on any relevant criteria that Scottish Rugby may reasonably apply.
- Scottish Rugby will endeavour to notify the outcome of applications by the week beginning 26 June 2017.
- Successful applicants will have to provide invoices on completion of the project that are consistent with their expenditure and the work detailed in the original application.

Additional Funding Conditions

- Scottish Rugby reserves the right to withhold funding from any successful application should the work detailed in copy invoices differ from the application details.
- Clubs that commence work prior to a funding decision being reached do so at their own risk and should not rely on funding being granted.
- The final amount of any award is at the discretion of Scottish Rugby and may be less than the amount requested in any application.
- All awards may be subject to additional terms and conditions imposed at the discretion of Scottish Rugby.
